DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
 - A. The ordinance change will require the Department of Administration – Division of Fiscal Affairs (DAS-Fiscal) to professionally print paper copies of the Executive and Adopted Budgets for the County Board of Supervisors, any elected County official requesting a copy, and certain budget and research support staff.
 - B. Based on previous years, DAS-Fiscal estimates the cost of preparing enough budgets for the individuals listed will be approximately \$2000. Money is budgeted in the 2015 budget for this expenditure, but future years may require monies be appropriated for this expenditure during the respective budget cycle.
 - C. Sufficient funds are budgeted for the 2015 year as documented in the adopted budget for 2015.
 - D. Prior years costs associated with the printing of the budget by DAS-Fiscal are used to provide the costs for this fiscal note. The cost also assumes that every elected County official will request the Executive and Adopted budget.
