DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
 - B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
 - C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
 - D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
-
- A. Approval of this resolution would authorize the creation of 1.0 FTE Community Intervention Specialist (CIS) to support households receiving Temporary Assistance for Needy Families (TANF) benefits and also in need of safe and stable housing. The position will be located within the Housing Services area but will be shared with Behavioral Health Services (BHS).
 - B. For 2023, the total salary and social security cost for the position ranges between \$18,905 to \$22,014 depending upon placement in the range. This assumes the position is hired and filled by pay period 19 (September 5, 2023). The total annual cost for this position ranges between \$60,916 to \$70,935 (including salary and social security) and will be crosscharged to the Behavioral Health Services budget. The cost is offset by TANF revenue.
 - C. The accompanying resolution authorizes the new position as of pay period 16, effective July 31, 2023 to ensure timely recruitment. However, this fiscal note calculates the total cost as of pay period 19 (September 5, 2023) which is anticipated to be the most realistic timeframe for actually filling the position and incurring costs.
 - D. There are no assumptions made.

¹ If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.

² Community Business Development Partners' review is required on all professional service and public work construction contracts.
