DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

The Milwaukee County Department of Family Care (MCDFC) is requesting to enter into a professional services contract with Superior Support Resources, Inc. to provide development and technical support for MCDFC's software application that is specific to operating the family care program. Superior Support Resources will be partnering with Cayen Systems in providing the development and support. This request would enable MCDFC to have development and support provided by two agencies as they collaborate together. This will provide a means to have sufficient resources and technical support available for MCDFC.

For MCDFC's 2014 budget there will be a net savings of approximately \$182,100 with approval of these two professional services contracts.

There will be no direct fiscal impact to the Department of Family Care 2013 budget. The Department currently has an operating surplus for 2013 and uses no general fund tax levy. The resolution has no fiscal impact in 2013 other than the allocation of staff time required to prepare the accompanying report and resolution.
