DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
- A. Due to the nature of the workforce that supports the contracted services we provide to the Fiserv Forum, County Zoo and Milwaukee Admirals, we are finding it difficult to fully staff these events and provide adequate patient services. By not fully staffing these events we are running into adequate levels of care issues with the number of providers. Safety is the number one concern and venue/patient safety is compromised when not adequately staffed.
- B. These positions will be funded from the revenue provided in the Office of Emergency Managements' contracted services, including Fiserv Forum, MC Zoo, UW-M Panthers, Wisconsin Center District, DSHA High School, Community/County CPR classes and Parks Lifeguard classes. These positions will be hired around early May, pay period 9. The pay grade will be 18 resulting in the 2022 salary being around \$66,257 or \$33,128.50 each. Subsequently, assuming a full year service being a salary of \$47,852 each or a total of \$95,704.
- C. N/A
- D. What can be assumed with these hire(s) is that revenue will be maximized with increased support for the venue, increased visibility of County services, and better patient care for the citizen at these locations. Positions OEM to potentially grow into other spaces as well.
