DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

Combined Courts was authorized to develop a legal custody and physical placement studies program, pursuant to Wis. Stat 767.405(14)(a). This resolution, if adopted, will support the next step in the implementation process by allowing the county to establish a fee schedule to recover reasonable costs of providing these services. Due to budget restraints, Milwaukee County's family court has not been able to provide this state mandated service to the public. Allowing Milwaukee County's family court to recover reasonable costs of the studies from litigants with the ability to pay some or all of said costs will facilitate the Courts in supporting all those in need.

There are no costs associated with adopting this resolution; existing staff time will be utilized. There are also no budgetary impacts in this or subsequent years. In addition, no assumptions or interpretation were utilized to provide the information on this form.
