**DESCRIPTION OF FISCAL EFFECT**

**In the space below, you must provide the following information. Attach additional pages if necessary.**

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. <sup>1</sup> If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

- A. The 2015 reconstruction of Watertown Plank Road eliminated some access for cars to enter the Justice facility. To remediate, the DOT and Milwaukee County created a new access drive off of Innovation Drive within the Milwaukee County Research Park. The named drive will assist people in accessing the Justice Center, as well as serve as a memorial for a former employee dedicated to the County, Tom Wanta.
- B. An initial cost to purchase and install the signage would occur in 2017. After which, the County would not anticipate any additional or recurring costs. Some details need to be finalized before a final cost is realized, but DAS-ED proposes a cap of \$750 to be spent on the project.
- C. None, the proposed cost would be absorbed in DAS-ED's operating budget.
- D. Estimated cost of performing the signage construction.
