The funding being requested for repairs and accessibility at the Wil-O-Way parks is much needed. These parks provide the setting for year-round programming for persons with disabilities in Milwaukee County. But the setting must be safe, accessible, and enriching. The funding requested will assist in making that happen. Milwaukee

County has taken a pledge of equity and set a goal of being a healthy community. The funding requested is consistent with that equity pledge, which includes persons with disabilities, and is an important step in that goal of a healthy community. Thank you for your consideration. Anne Kearney, community member, attorney, Commissioner, Milwaukee County Commission for Persons with Disabilities
