## DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. <sup>1</sup> If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

A. The Director, Department of Health and Human Services (DHHS) is requesting approval to enter into a 2013 contract with the State to operate a Disability Resource Center (DRC) under the State's Family Care program.

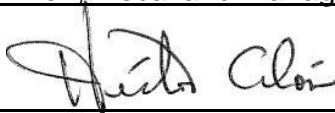

B. Approval to enter into the contract will enable the DHHS Disabilities Services Division to draw down revenue included in its 2013 Budget to fund the costs of operating the DRC. The State's general purpose revenue (GPR) of \$2,074,753 provided under the contract will be matched by Federal Medicaid revenue of \$1,915,162 for a total of \$3,989,915 in State and Federal match. In addition, the 2013 Budget for the DRC includes tax levy of \$837,579, which is also matched by 48 percent Federal revenue of \$773,148.

C. There is no budgetary impact to 2012 or 2013 by approving the State DRC contract.

D. The fiscal note assumes the DRC will be able to earn 48 percent Federal match dollars based on 100 percent time reporting activity of staff in the DRC. If time reporting results do not support a 48 percent match rate, actual revenue reimbursement will be less than budgeted.
