Requesting recommendation of the Other Social Determinants of Health (SDoH) subgroup, FlexRide Milwaukee On-Demand Transportation program for \$1,365,000 within the Community Support Expenditure Category for American Rescue Plan Act (ARPA) funding consideration.

POLICY

Milwaukee County Board file 21-555: "A resolution to create a Task Force to review and recommend funding allocations to the Milwaukee County Board of Supervisors for monies received by the County in the Federal American Rescue Plan Act of 2021"

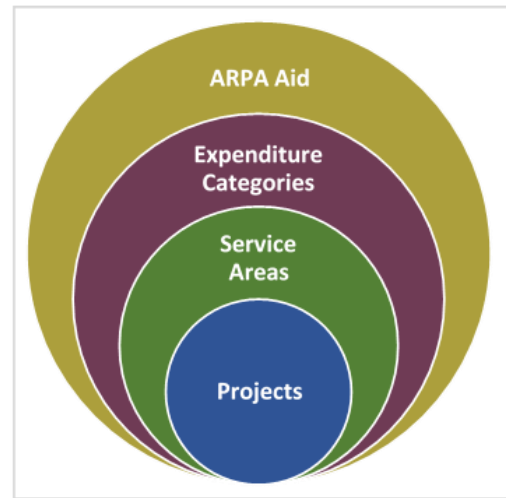

BACKGROUND

Milwaukee County received \$183 million between 2021-24 in federal ARPA aid. Approximately \$40,415,339 has been allotted for Community Support projects.

The Community Support Service Area subgroups were established to generate project-level allocation recommendations to respond to economic harms to workers, families, small businesses, impacted industries, and the public sector in Milwaukee County.

The Other SDoH subgroup was formed with subject matter experts following the Community Support Service Area Subgroup Charter. Membership includes the following individuals:

PRIORITIZED PROJECTS

The high-ranking project in this service area is listed below for recommendation. Please also note the attached project proposals (Attachment A), the criteria scoring rubric (Attachment B), and the Service Area subgroup review summary (Attachment C) provides further detail.

Project Name	Description	Budget
FlexRide Milwaukee On-Demand Transportation Program	Extend and expand FlexRide Milwaukee (www.flexridemke.com), an on-demand transportation pilot program currently being led by UW-Milwaukee and the Southeastern Wisconsin Regional Planning Commission (SEWRPC). FlexRide Milwaukee is designed to supplement existing MCTS services to take users the “last mile” to those parts of our region that have long been difficult to serve with fixed route transit routes. Many current FlexRiders are also MCTS riders, using existing bus routes to access the FlexRide pick up areas. The expansion of FlexRide is designed explicitly to not compete with MCTS, rather to boost its reach into areas currently not served by the transit system.	\$1,365,000

RECOMMENDATION

Approve the recommendation for the FlexRide Milwaukee On-Demand Transportation program to receive \$1,365,000 within the Community Support Expenditure Category.
