"Greetings Personnel Committee,

The Technicians, Engineers, and Architects of Milwaukee County (TEAMCO) union is not in favor of changing all minor holidays to major holidays. In a competitive market for technicians, engineers, and architects, one selling point that we do still have is the ability to work "minor holidays" in order to achieve an extra day off. Experienced

and talented technicians, engineers, and architects have at times have given up vacation time from past employers when accepting a position at Milwaukee County; one perk that several of our members expressed was critical in their decision to work for Milwaukee County was the ability to work on a "minor holiday" to make up for lost vacation time they previously held. Changing all "minor holidays" to "major holidays" would have a negative impact on our workforce and in our ability to stay a competitive employer in an already competitive market. Thank you for considering this negative impact that would impact Milwaukee County employees.
