HEALTH & EQUITY FRAMEWORK

ONE COUNTY ONE PLAN
MILWAUKEE COUNTY STRATEGIC PLAN

POWER TO MAKE CHANGE

Who is making decisions? Who is setting the agenda and priorities?
Who is influencing the culture?

INSTITUTIONAL PRACTICES

- Are policies and processes fair and just for all people?
- Are the services provided meeting people's needs?
- Does diverse staff thrive in the workplace culture?
- Is the institution fiscally healthy?

LIVING CONDITIONS

- Do people use and have access to safe, quality:
 - Green spaces and recreation?
 - Public infrastructure and transportation?
 - Healthcare and social services?
 - Affordable housing?
- Are people financially secure?
- Do people help and support each other?

HEALTH OUTCOMES

- Are people reporting a good quality of life?
- What is the life expectancy?
- Are there differences in health based on group (for example, race and gender)?

- The Health and Equity Framework serves as the foundation for all our efforts
- It is our “Theory of Health”
