Customer: 10003540/Milwaukee County Office Of County Clerk

FROM THE OFFICE OF JOSEPH J. CZARNEZKI
MILWAUKEE COUNTY CLERK
County Ordinance No. 14-15
File No. 14-738

AN ORDINANCE
The County Board of Supervisors of the County of Milwaukee does ordain as follows:
SECTION 1. Section 44.07(b) is amended as follows:
(b) Bidder's certificate: A sworn statement shall be incorporated in the bid that the bidder has examined and carefully completed the bid and contract documents supplied by the appropriate department of transportation or the department of administrative services and checked it in detail before submission. The sworn statement shall affirm that the bidder is aware of any and all residency goal provisions of the contract and will comply with them, including penalty provisions.

SECTION 2. Section 44.17 of the General Ordinances of Milwaukee County is created as follows:

47.17. Residency of public works contractors' employees.

(1) It is the policy of Milwaukee County that 50% of the salaries paid to workers on eligible Milwaukee County public works construction projects shall be paid to Milwaukee County residents.

(2) The Architecture, Engineering & Environmental Services Section (AE&ES) shall establish a 50% residency goal for each eligible public works contract as defined in Section 44.001(a) before the requisits for bids are issued. If unusual circumstances exist and are documented, the Director of AE&ES may, with the approval of the Director of Administrative Services, establish a goal of less than 50% for a particular project.

(3) Where the residency requirement applies:

(a) Each contractor invoice submitted for payment during the project must include a report of resident salaries paid on invoices as required by AE&ES. Invoices not accompanied by the required report will not be processed for payment.
(b) AE&ES shall issue a warning letter to any contractor who fails to submit a report or whose report shows resident salaries are below 50%. The warning letter shall require the contractor to respond immediately with a strategy to show compliance before the project is complete.

(c) A contractor who fails to achieve the project residency goal shall be notified in writing by AE&ES of the following conditions:

(i) In future bidding, the contractor may not be considered a responsible bidder and may be penalized or disqualified as a result.
(ii) The contractor may be debarred from bidding on County projects for a period of up to two years.

(iii) If the contractor is awarded future County contracts but fails to meet residency goals, the contractor may be subject to early termination or cancellation.

(iv) The nature and severity of the conditions imposed will be at the discretion of the Director of Architecture, Engineering & Environmental Services in consultation with the Director of Administrative Services.

(4) The Director of AE&ES or designee is authorized and empowered by this section to evaluate and establish appropriate procedures, standards and bid specifications to implement and achieve the policy embodied in this Section.

(5) Residency requirements or procedures other than those in this Section 44.17 may be imposed when necessary to secure federal aid.

(6) The residency provisions of this Section 44.17 shall not apply to projects subject to a US Department of Transportation (DOT) prohibition on the use of un-geographical preferences in the evaluation of bids or proposals in projects using DOT funds, including but not limited to the prohibition set forth in 49 CFR §18.36(c)(2).

SECTION 3. The provisions of this ordinance shall be effective upon passage and publication.
Adopted by the Milwaukee County
