Good afternoon,

I wanted to give you a heads-up regarding Clerk of Court Barrett's previous submission directly to the Personnel Committee regarding a pay equity plan he has been struggling to implement. I believe this is still an open item with the Committee.

However, this afternoon, he submitted his plan via the new DAS/HR process we presented to the Board a couple of months ago, and adapted it to fit our process and stay within his allocation. This will keep his submission within the same bounds as any other department will be submitting in the coming year, and HR will be able to implement the employee increases with no problem.

This information will be reported out in our standard report in January, but I wanted to make you aware that the open item with the Committee would be rendered moot by this. Hopefully this issue will be resolved and we can all put it behind us!

Please let me know if you have any questions. Thank you.
