a) Safe and Sound Contract Termination

BHS erroneously entered into a 2024 Purchase of Service contract with Safe and Sound Inc. to provide Prevention Services, information education, and training to individuals, their families, and the general public to increase awareness and reduce the stigma related to mental illness, substance abuse, and co-occurring disorders. Safe and Sound Inc. was the former incumbent for the 2023 contract year. While preparing for the 2024 budget, DHHS Contract Administration department starts with the former/current incumbent. Mistakenly, the organization was brought to the board and a request for authorization to execute a contract with Safe and Sound, Inc. based upon the tentative 2024 budget allocations, was brought to the Board and approved October 26, 2023 all while the RFP process was in progress.

On April 12, 2024 Safe and Sound was notified that the contract they received as a result of the action taken by the MHB in October 2023 was mistakenly executed April 9, 2024 and would be terminated with an official contract cancellation early the next week. This decision was due Safe and Sound not responding to the RFP that was posted July 2023 and closed September 8, 2023.
