BACKGROUND

Milwaukee County Zoo (MCZ), Zoological Society of Milwaukee County (ZSM), International Crane Foundation (ICF), and University of Wisconsin School of Veterinary Medicine (UWSVM) have partnered to maintain a rotating Veterinary Residency program since the year 2000. The program provides board certified veterinary graduates with a diverse range of hands-on experience in exotic, domestic, and wild animal medicine while simultaneously enhancing the capacity of veterinary care for the MCZ. Each resident remains in the program for three consecutive years, overlapping with the residents of the previous cycles and rotating between the MCZ, ICF, and UWSVM seasonally. The program has been tremendously successful, and many of the Veterinary Residents have graduated the program and been recruited by prominent zoological facilities, including our own MCZ.
