DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

- A. The Director of the Department of Health and Human Services (DHHS) is requesting authorization to enter into purchase of service contracts with Community Advocates, Inc. and UMOS, Inc. to operate the Wisconsin Home Energy Assistance Program (WHEAP) in the Housing Division for the period beginning October 1, 2021 and ending September 30, 2022.

Approval of the request will ensure the continued availability of electric and heating bill payment assistance as well as benefits and services to assist with energy crisis situations to eligible low-income households in Milwaukee County.

- B. Total expenditures included in this request are \$2,150,145.
- C. A final funding amount is anticipated to be announced in mid-September by the State Department of Administration. If the actual FFY2022 State WHEAP contract award is less than the amount required to support the program, the agency contracts will be reduced. The \$2,150,145 cost of the contracts was included in the 2021 Adopted and 2022 Requested Budgets for Energy (in low org 8546). The WHEAP funds also cover the county's administrative costs in addition to the two contracts being requested for approval.
- D. It is assumed that total expenditures will not exceed the contract amount unless additional revenue is received.
