	Expenditure or Revenue Category	Current Year	Subsequent Year
Operating Budget	Expenditure	0	10,375
	Revenue	0	0
	Net Cost	0	10,375
Capital Improvement Budget	Expenditure	0	0
	Revenue	0	0
	Net Cost	0	0

## DESCRIPTION OF FISCAL EFFECT

**In the space below, you must provide the following information. Attach additional pages if necessary.**

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
  - B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.<sup>1</sup> If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
  - C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
  - D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
- 
- A. Please see associated report.
  - B. Costs savings in associated with the expiring 2020 Insurance Brokerage contract and the implementation of the new contract are approximately \$10,375. This is the estimated cost difference between the previous contracted flat-fee contract and the new flat-fee pricing under the proposed contract for the 2025 calendar year. Subsequent year savings are \$20,750.
  - C. Please see associated report.
  - D. Adoption of this resolution will reduce current year expenses as the contract award amount is below what was budgeted in 2025 for this contract. The total cost of the three-year term for this contract is \$300,000 at \$100,000 per year.

---

<sup>1</sup> If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.
