Site Name¹

This will be the short version of the name we will use to identify the site in reports and among stakeholders
This is the primary site in the zone, operating year round and full service. It will be published on all promotional materials

Site Status²

- Home These are additional sites within the zone with possible reduced days and/or hours of operation, but will be open year round
- Satellite These are additional sites within the zones that operate on an as needed or custom schedule, such as a housing complex having a worker the first week of the month only.
- Mobile These are additional sites within the zone that will be open for peak periods
- Seasonal These are outreach sites, such as the housing units that you plan an event for
- One-Time
