

To Whom It May Concern,

My name is Eleuteria Gonzales-Dobbe, and I am the parent of a 20-year-old son with 22q11 deletion syndrome. I am interested in becoming a Commissioner on the Persons with Disabilities Commission because I am deeply committed to supporting individuals with disabilities and ensuring their needs and interests are represented in Milwaukee County.

As both a parent and an educator, I have dedicated my career to teaching, advocating for, and supporting students with special educational needs. I have consistently shared resources, guidance, and personal experience with families navigating the educational and medical systems.

My volunteer work reflects this commitment. While serving on the Special Needs (now Complex Care) Clinic's Family Advisory Committee, I helped plan events that encouraged connection, community building, and networking for families of children with complex medical needs. My participation on a variety of school district committees demonstrates my longstanding dedication to collaboration, leadership, and advocacy.

I believe that my combined professional and personal experience will be a valuable addition to the commission. If selected, I would be proud to serve the people with disabilities of Milwaukee County.

Thank you for considering my application for the Persons with Disabilities Commission.

Sincerely,

Eleuteria Gonzales-Dobbe
