DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

This resolution will amend Policy No. R-470 in Milwaukee County Administrative Manual [CB Resolution File No. 85-694 (a) (a)] by modifying Milwaukee County's Designation of Public Depositories in order to comply with the recently passed and signed Wisconsin Senate SB 308 and the companion Assembly AB510 bills.

An additional public depository as permitted under paragraphs ss34.05 and s66.0603 of the Wisconsin State Statutes by adding a paragraph to ss34.05 allows county boards to designate as a public depository a "deposit placement program."

Deposits in such Public Depositories can result in additional earnings on investments. Under the current interest environment, that can result in an increase in revenue by tens of thousands of dollars. A conservative estimate amount is included in this fiscal note. However, that amount may easily double or triple or more as interest rates climb upwards.

¹ If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.
