DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
 - B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
 - C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years shall also be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
 - D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
-
- A. Approval of this resolution would authorize the creation of 3.0 FTE Civilian Investigator Full-time positions (Pay Grade 22M) in 4052, General Investigations using the pool of funds from the vacant Investigator Hourly positions (Pay grade 22M) in 4052, General Investigations.
 - B. Funding for the positions is from budgeted funds for Investigator Hourly positions in 4052 General Investigations. These positions primary duty is to conduct employee background investigations for deputy sheriff, correctional officers, and civilian employees for MCSO as well as others throughout the county upon special request. The total costs for the 3.0 FTE positions starting as of period 1, 2024, are \$186,148 which reflects salary and social security. Total Investigator Hourly positions are budgeted at \$686,675 with social security. After using funds for creating the 3.0 FTE Civilian Investigator full-time position the remaining balance in the Investigator Hourly position budget will be \$132,880 with social security.
 - C. The 2024 total annual salary and social security for the position would be \$62,049 per FTE assuming an hourly rate of \$27.50 in pay grade 22M. In 2024 adopted budget we have the funds to reallocate to 3.0 FTE positions in 4052 General Investigations.
