Q2 Please select one option from the list below as your top choice for how Milwaukee County should prioritize grants made from its Fund for the Arts. Which funding scenario do you most prefer?

Question options

- 1. Equal distribution – distribute funding for the arts equally to all qualified arts organizations.
- 2. Align with City Arts Board funding model – the City of Milwaukee Arts Board provides funding in two tiers - \$6,000 to large organizations, \$3,000 to small organizations. Milwaukee County should align with this two-tiered model.
- 3. Prioritize small organizations – provide funding only to organizations with small budgets (for example, under \$1,000,000 in annual expenses). This approach supports small and emerging groups that may struggle to generate funding from other sources.
- 4. Prioritize large organizations – provide funding only to organizations with large budgets (for example, over \$1,000,000 in annual expenses). This approach supports organizations with a larger impact that serve the most people.
- 5. Provide funding to organizations of any size with more funding provided to larger groups on a scale that matches their impact.
- 6. Provide funding in a way that supports achieving racial equity. The Fund for the Arts could support racial and health equity goals by using this funding to establish measurable goals for arts organizations that support this vision.
