Dear Members of the Selection Committee,

I am writing to express my sincere interest in serving on the Aging and Disability Resource Center (ADRC) Board/Advisory Committee. I am deeply committed to supporting older adults, individuals with disabilities, and their caregivers, and I would welcome the opportunity to contribute my experience, perspective, and passion to the important work of the ADRC.

Throughout my professional and community involvement, I have seen firsthand how essential accessible, person-centered resources are for individuals navigating aging, disability, and long-term care needs. I am particularly drawn to the ADRC's mission of empowering people to make informed decisions, promoting independence, and strengthening the overall well-being of our community. I believe that effective advocacy, thoughtful planning, and strong community partnerships are key to ensuring that these services remain responsive, equitable, and sustainable.

Being a family physician and having been working with underserved and elderly population in the past fifteen years of my profession, I bring strengths in community outreach, healthcare leadership, social services. Being the mother of a disabled daughter with physical and intellectual disability, now a teenager, I bring experience in caregiving. I am especially interested in contributing to discussions around accessibility, caregiver support, equity, dementia care, and community education about these issues. I value collaborative decision-making and am committed to listening to diverse voices, particularly those who are often underrepresented in planning and policy conversations.

Serving on the ADRC Board/Committee would allow me to give back in a meaningful way and help ensure that individuals in our community have the support, dignity, and resources they deserve. I would be honored to contribute my time, insight, and dedication to advancing the ADRC's mission.

Thank you for considering my application. I would welcome the opportunity to discuss my interest further and to learn more about how I can support the work of the ADRC. I appreciate your time and your commitment to serving our community.

Sincerely,

Laura T Brusky
