DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
- A) Milwaukee County Ordinances 46.09 requires County Board approval of Purchase of Service contract increases, amendments or extensions. The Director, Department of Health and Human Services (DHHS), is requesting authorization for the Behavioral Health Division (BHD) to increase 2012 purchase of service contracts with St. Charles Youth and Family Services, Vital Voices, Transitional Living Services and Grand Avenue Club related to various initiatives at the Behavioral Health Division (BHD).
- B) The total recommended 2012 purchase of service contract increases total \$147,750. This is made up of a \$65,000 increase for St. Charles, bringing their total contract to \$468,126; a \$2,750 increase for Vital Voices, bringing their total contract to \$133,711; a \$50,000 increase for Transitional Living Services, bringing their total contract to \$1,972,378 and a \$30,000 increase for Grand Avenue Club, bringing their total contract to \$165,000.
- C) The cost of the contract increases for St. Charles and Vital Voices will be paid for through underspending in other purchase of service contracts in the community services and AODA areas, and the increase for Transitional Living Services and Grand Avenue Club will be funded within remaining Mental Health Investment funds. No increase in tax levy results from this change.
- D. No assumptions/interpretations.

¹ If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.
