My name is Joann Robinson, representing BLOC (Black Leaders Organizing For Communities). We oppose this amendment because the county has neglected inmate phone solutions for years without taking real steps to improve communication for the community. There's no reason for further delays when most phones barely work, if at all, and families struggle to hear their loved ones despite paying high rates for collect calls. Issues like dropped calls, disconnections upon acceptance of the calls, delayed responses, static, and low volume make it even harder. It's unfair for families of the incarcerated to be forced to spend more money because the county has failed to uphold its agreement with IC Solutions, repeatedly violating the contract. We again urge that this matter be resolved without delay.

Joann Robinson again on behalf of BLOC (Black Leaders Organizing for Communities) and we also oppose Amendment #3 to the Incarcerated People's Communication Services (IPCS) Agreement with Inmate Calling Solutions. We believe that this amendment would be in complete violation of the inmate's first amendment rights to freedom of speech. The amendment would not be a reasonable change since the physical letters that would go through this process are considered protected speech on the incarcerated individual's behalf. This also takes away the personal connection that they have with their loved ones such as, Irreplaceable physical copies, handwriting, smell, etc. The contraband is being more frequently transferred and brought into the facilities by jail staff and that may be where more precautions should be taken. So, we ask that you not violate the constitution and the inmate's rights by allowing amendment #3 to be approved, thanks!
