Subject: **Update on the progress of Sound Study at The Rock Sports Complex (INFO)**

Issue

Milwaukee County Parks is providing a status update on the progress of a sound study at The Rock Sports Complex.

Background

The Milwaukee County Board of Supervisors instructed the Parks department to conduct a comprehensive sound study at The Rock Sports Complex in file 20-510. Milwaukee County Parks solicited vendors who have previously completed environmental assessments with components of sound monitoring for the department in the past. The vendors have declined our project citing limitations on staffing capacity due to COVID-19 or indicate that our project is out of scope with the services that they provide.

Milwaukee County Parks staff has gained access to the existing sound data being collected at The Rock Sports Complex. The department has been unable to analyze the information due to both the large volume of data and lack of specific technical expertise. Parks staff have solicited several private businesses for proposals on if they are able to assist the department with analyzing the existing sound data.
