Lakefront Electric Vehicle (EV) charging stations LDAC recommendation

Dear Ms. Nicholson,

At its Sep. 9, 2025 meeting, the Lakefront Development Advisory Commission (LDAC), by a vote of 7-3, passed a motion recommending in favor of the proposal of the City of Milwaukee's Environmental Collaboration Office (ECO) for the installation of EV chargers in Veterans' Park. In accordance with its procedures LDAC provided public notice and conducted a hybrid public hearing on the proposal at 4:00 p.m. at the County Board hearing room. Enclosed is the report that provides the bases for LDAC's recommendation.

Thank you for consideration of this matter.

Sincerely,

William H. Lynch, Chairman

Lakefront Development Advisory Commission
