Participate with other Aging Network and community participants in identifying domains on which to focus to achieve a more livable and equitable community for older adults.	Adopt at least one goal in a chosen AARP domain of livability and lead efforts to implement that goal that improve Milwaukee County's livability index.
Provide a network of volunteers or provide subsidized employment opportunities for individuals who would help older adults not enrolled in a publicly funded Long-Term Care program, particularly those living alone, with services such as simple maintenance, appliance and home repair, shoveling, yardwork, decluttering, packing and moving	Established volunteer home maintenance program at ERAS Senior Network.	Advocate with local health care providers to maintain access to geriatric specialties for residents of Milwaukee County.	Work with the Milwaukee Health Care Collaborative to increase access to specialty care for older adults either by relocating specialty services, including mental health, for older adults within Milwaukee County, or create a sustainable fund to provide transportation services to shuttle nondriver older adult residents to specialty appointments in surrounding counties.

Each of the goals identified must:

- Advance person-centered services, maximizing consumer control and choice;
- Expand racial equity or inclusiveness;
- Provide programming that is equitable and inclusive of all people that could be served within Milwaukee County;
- Address local needs as defined by the community, by program participants, or by stakeholder groups;
- Meet SMART criteria: Specific/Strategic, Measurable, Achievable/Actionable, Realistic, Timed and Tracked;
- Document efforts to assess whether anyone is better off after implementation of this goal, which result in quality program improvements; and
- Be representative of our best efforts to deliver services that address the need of older adults in Milwaukee County.
