

COUNTY OF MILWAUKEE
Inter-office Communication

Date: 2/15/2024

To: Marcelia Nicholson, Chairwoman, Milwaukee County Board of Supervisors

From: Donna Brown-Martin, Director, Department of Transportation

Subject: From the Director, Department of Transportation providing an information report regarding an update on the development of options for an on-demand Paratransit Taxi Service in Milwaukee County.

File Type: Reference File 24-25

BACKGROUND

The Department of Transportation is working in conjunction with the Department of Health and Human Services, Southeastern Wisconsin Regional Planning Commission (SEWRPC) and members of the Paratransit Task Force to develop options for an on-demand paratransit taxi service in Milwaukee County

This report summarizes SEWRPC efforts to study comparable on-demand paratransit systems. Commission staff has researched nearly 60 transportation programs in response to requests from Milwaukee County and the Paratransit Taxi Task Force. Of those nearly 60 transportation services, the Commission has presented information on about 20 services that provide same-day paratransit trips, which were grouped into three categories: (1) taxi voucher programs, (2) same-day paratransit services, and (3) non-profit transportation providers.

At the request of the Paratransit Task Force, Commission staff conducted further research on select on-demand paratransit systems, including operating expenses, funding sources and on-demand technology providers (including services provided by Uber/Lyft). SEWRPC also facilitated a survey to gather feedback on potential amenities desired by the Task Force.

While the Department of Transportation, Department of Health and Human Services and SEWRPC continue to facilitate the research and work to develop an on-demand service; direction and decisions are being led by the Paratransit Task Force membership. These are the constituents, clients, and businesses that actively use the on-demand services that traditionally served Milwaukee County residents for more than 15 years. Due to the significant intricacies, level of detail and the full involvement of the paratransit eligible community, the Paratransit Task Force will continue their work until an agreeable option is identified and accepted.

Ultimately, efforts to determine the most appropriate options for an on-demand paratransit taxi service in Milwaukee County is being directed under the guidance of those who utilize and depend on the service.

ALIGNMENT TO STRATEGIC PLAN

- 2A: Determine what, where, and how we deliver services to advance health equity.
- 2B: Break down silos across County government to maximize access to and quality of services offered
- 2C: Apply a racial equity lens to all decisions.
- 3A: Invest “upstream” to address root causes of health disparities.
- 3C: Dismantle barriers to diverse and inclusive communities

RECOMMENDATION

This report is for informational purposes only.

FISCAL EFFECT

There is no fiscal effect.
