Comptroller Liz Sumner
Interim Chief Human Resources Officer Claire Miller
Director of Audits Jennifer Folliard
Strategy Director Isaac Rowlett
Policy Director Jeremy Lucas**

Informational Report for File 26-279

As the Chairman of the Committee on Finance, I would like to reiterate my request for an updated informational report for the Committee on Finance's meeting on June 18, 2026. During the previous Committee on Finance meeting on May 21, I stated that my colleagues and I are still waiting on an updated timeline from each department involved in the United Healthcare contract and benefit actions.

I have been clear in my request during committee meetings this term and the previous term, requesting specific details and timelines outlined by each department. The change in staffing in the Department of Human Resources is not a permissible excuse to avoid disclosing a comprehensive timeline, which was asked to be presented during the Committee of Finance meeting in March 2026.

Once again, I ask that your staff submit an updated informational report as part of File 26-279 for the upcoming June 18, 2026 Committee on Finance meeting explaining in detail how Milwaukee County departments let the United Healthcare contract lapse. I specifically requested in my email on March 10th that we receive "a full detailed timeline, which includes emails, notes, call logs, and any other documented correspondences between HR, Audit, Comptroller and CEX staff." It is crucial for all County supervisors to understand the situation fully and in order to move forward together through this issue, we must critically review previous decisions.

All My Best,

Steve F. Taylor
17th District Supervisor
