RE: Request to create one position of Deputy Superintendent and one position of Juvenile Correction Officer Supervisor.

Good Morning:

I am seeking clarity on whether the department intends to withdraw the aforementioned file from committee.

Department of Administrative Services withdrew their review of the positions on May 13, 2014, in lieu of the stand-alone file, which created the Assistant Juvenile Detention Superintendent.

I have not received an official request from the submitting department indicating that the file should be withdrawn.

Please advise.
