DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

A. Approval of this request would create 1.0 FTE Labor Relations Manager at pay range 901E.

B. There is no fiscal effect in 2012 as a result of this position action. The position was included in the 2012 Labor Relations budget for a salary of \$90,284 and the department has sufficient funds to cover the cost of this position.

C. There is no budgetary impact as a result of this position action. There are sufficient funds included in the department's 2012 budget to cover these costs. Because the position has been vacant to date in 2012, the department will achieve cost savings in 2012, provided the position is filled at the budgeted salary of \$90,284

D. This note assumes the position is filled at the budgeted salary of \$90,284. For future years, no salary increases are assumed.
