# 10/11/23 Finance-Budget Committee Questions:

**Supervisor Johnson:** Before the start of the meeting Supervisor Johnson asked me for the pay grade table for COs with the 3% included. Also included is the breakdown of the pay increases for the 2% general increase and the 1% additional increase.

## Strategic Overview:

This program area includes the EOD (Explosive Ordnance Disposal) Unit, Maritime Unit, SWAT (Special Weapons and Tactics) Team, and MRT (Mobile Response Team). As in previous years, this program does not have any dedicated positions and most expenditures are for overtime and commodities.

## Strategic Implementation:

There are no substantive changes to this program area in the 2024 budget.

There are two reasons for the increase in the budget for specialized units.

1. The change in accounting systems from Advantage to INFOR and the effect on labor distribution.

In 2021 the county changed accounting systems from Advantage to INFOR. MCSO uses labor distribution to code where time is worked. Advantage would move coded overtime costs from the assigned unit to the unit worked. INFOR does not have this function. MCSO budgets overtime to the specialized units.

When you look at the actual numbers in 2021 and 2022 the overtime has not been moved to these assignments. We would have to manually transfer the cost to these units.

| Specialized Units  | 2019<br>Actual | 2020<br>Actual | 2021<br>Actual | 2022<br>Actual |
|--------------------|----------------|----------------|----------------|----------------|
| Total Expenditures | \$989,607      | \$888,464      | \$206,124      | \$184,250      |
| Total Revenues     | \$15,001       | \$178,008      | \$6,178        | \$31,148       |
| Property Tax Levy  | \$974,606      | \$810,456      | \$199,946      | \$153,102      |

2. The technical change of moving direct cross changes from a centralized account to the MCSO operating budget.

In 2024, the previously centralized cross charges from Fleet have been moved to the MCSO operating budget. Vehicles that are assigned to these units receive a portion of those charges from Fleet and have caused most of the increase in 2024. The largest increase would be in the Maritime unit due to their new boat.

3. Requested information regarding Wellpath and whether more staff for mental health will be provided at the jail as a result of opioid settlement funds.

## From the CRC 2024 Recommended Budget Narrative

The 2024 budget continues a grant from the opioid settlement agreement which allows the CRC to increase services to CRC residents who suffer opioid addiction. The grant will increase the Wellpath staffing from .5 FTE Medically Assisted treatment (MAT) Coordinator to 1.0 FTE as well as increase the MAT Registered Nurse from .5 to 1.0 FTE. Wellpath will also add 1.5 FTE Behavioral Health Counselor, 1.5 FTE Certified Peer Support Specialist and 1.0 FTE Licensed Practical Nurse. As a result of the increased staffing, Wellpath is planning on increasing the number of enrolled participants in MAT from approximately 25 to over 50 residents at any one time. New

These positions would assist the CJF with mental health initiates.

4. EVOC track. Estimate of revenue that could be earned?

Answer from Captain Wronski:

MATC just raised their rates over the summer. They now charge \$150 for 4 hours and \$250 for 8 hours. I would probably set our rates slightly lower at: 4 hours = \$100 8 hours = \$200

That would match what we'll be charging for other special rooms (shooting ranges) for 2024.

I would anticipate that our rentals of the track would earn \$10,000/year (That is what we make for shooting ranges)

Overall MCSO would save \$131,170 annually, the value of using the State Fair's track.
