Thanks to everyone for their hard work on the implementation of the MCTS NEXT system update!

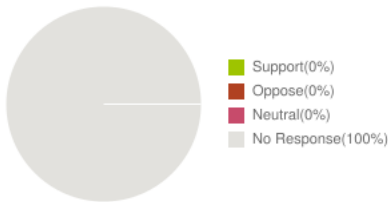

Questions:

- Thank you for adding a note in the powerpoint that bus operators will have access to restrooms at the end of their route. Are there other bathrooms available midway through the route? And are these restrooms also available for the public to use, or are they for bus operators only?
- When will printed Route maps and schedules be available? The efforts to communicate the route changes through videos and apps is good, but many riders may not have access to internet or be familiar with these methods. It's hard to beat a paper schedule in your hand.

Thanks again for everyone working on this project, I'm excited to see it completed and to move faster around the city!
