

Daniel J. Diliberti
Milwaukee County Treasurer

DATE: November 21, 2013

TO: Marina Dimitrijevic, Chairwoman, Milwaukee County Board of Supervisors

FROM: Daniel Diliberti, Milwaukee County Treasurer 

RE: A resolution that will establish a policy on non-reimbursement to municipalities of special charges and assessments on delinquent property taxes

I am sending the attached resolution to you and requesting that this matter be referred to the Finance Committee. This resolution will establish a policy that the county treasurer may use his/her discretion as to whether to reimburse the municipalities in the August settlement process for all delinquent special assessments and special charges included in the tax bill which have not been previously paid to the proper municipal treasurer.

The passage of this resolution will result in the County having the option as to whether to pay municipalities for demolition costs charged as special assessments or special charges which may not be recoverable in the delinquent tax collection process.
