BACKGROUND

At its meeting for the January 2025 cycle, the Committee on Audit reviewed our audit report, "County Needs to Establish Clear Roles, Responsibilities, and Procedures for Grant Management," issued in December 2024. The resolution noting County Board concurrence with the report recommendations was adopted.

Attached is a copy of the Executive Summary page that provides general information about our audit. The full audit report is available on the Comptroller's website via the following link:

We are facilitating the submission of the attached status report. The status report provides management comments from the Office of Strategy, Budget, and Performance,

the Comptroller, the Department of Administrative Services, and the Treasurer, either solely or in collaboration with one another, regarding the progress toward implementation of the recommendations in our audit report. Based on the comments provided by management, progress has been made toward implementation of all 14 recommendations with 9 remaining open. Given the level of effort required to fully implement the recommendations, we plan to facilitate management's next status report for the July 2026 committee meeting cycle.
