Subject: Report from the Milwaukee Public Museum Fiscal 2014 – Yearend Financial Update

Summary

The continuing purpose of the museum is to educate, explore, discover and preserve the world and its people. MPM's mission, across time and cultures, is to be a world class museum that focuses on the intersections between people and the environment and the impact each has on the other.

Recent Museum Programming Highlights include:

- Work on the new permanent exhibit, "Crossroads of Civilization" continued.
- The Summer Urban Academy partnered with MPS as well as other community organizations to provide programming for youth this past summer 50 programs were presented to more than 1,300 students. 16 summer camps for kids were offered this summer and all of them were filled.
- 24 NASA CREATE teens were chosen for the second year of the program and both groups of kids participated in a two week long camp on careers.
- Work on digitizing the collections continues in Anthropology, Geology and Zoology.
- Summer field work included research on endangered species as well as a multi-year study of a north shore suburban population of annual cicada.
- History was involved in the International Typewriter Collectors meeting as well as the American Quilt Studies Group meeting.
- Work on the egg collection continues in Zoology.

Two new hires were made in key roles for the museum:

Director of Exhibits Manager of Security

With a rough winter forcing closures and a soft economy, visitors to two traveling exhibitions, *The Scoop on Poop* and *Body Worlds*, were approximately 40% below expected attendance levels for those programs. This impacted admissions revenues both for the museum and the theater as well as ancillary revenues for retail sales and food service. In addition, donor gifts to the annual campaign were down 11% from plan and prior year.

Financial Results

Attached are audited financial statements for the fiscal 2014 year ending August 31st as well as a summary of performance statistics included in the reporting requirements of the Lease and Management Agreement. Some highlights include:

- Major gift commitments through the museum's capital campaign and reduced long term liabilities have improved MPM's net assets from \$17.8 million at the end of the prior fiscal year to \$20.5 million as of the end fiscal 2014.
- Operating revenues of \$13.5 million include \$2.47 million in released from restriction revenue which went toward debt retirement, the acquisition of the old Discovery World Building, and other renovations to museum exhibits. Prior year results included a onetime contribution from the County to the museum's pension plan of \$3.0 million. Prior year also included \$2.5 million of revenue released from restriction related to debt retirement.
- At \$13.97 million for the year, operating expenses were at plan and below prior year spending levels.
- Non-operating impacts include investment income of \$0.88 million on \$7.6 million of MPM Endowment investments.
- The net assets were favorably impacted by actuarial reductions to retiree medical obligations as a result of changes to the plan benefits.
- MPM's remaining term debt of \$1.6 million will be extinguished over the next 3 years as donor pledges are realized. MPM also has a \$1.2 million working line of credit. As of August 31, \$750,000 had been borrowed against the line.

Looking Forward

MPM opens October programming with, "Alien Worlds and Androids." This exhibit focuses on the search for extraterrestrial life as well as organisms living in extreme environments right here on earth. The exhibit will close in January.

Opening in March 2015 will be a new permanent exhibit on the 3rd floor entitled, "*Crossroads of Civilization*". This is the first new permanent exhibit area at MPM in the last 20 years.

The museum's south facing façade along Wells Street has completed construction including the largest building mounted solar panel array in Wisconsin. This project supports not only improvements to the building structure and insulation but will provide related museum programming focused on energy conservation and sustainability of resources. The museum's north façade is scheduled for replacement summer 2015.

Under the new attendance policy, Milwaukee County schools enjoy free attendance any day of the week from September 1 through November 30. MPM admission is also free to all Milwaukee County Residents the first Thursday of every month in 2015. "Thank You Thursdays" are in addition to \$2.00 off the regular Museum admission fees any day of the week for Milwaukee County residents.

Please contact me if you have any questions or concerns with the enclosed materials.

Sincerely,

Michael A. Bernatz

Michael A. Bernatz Chief Financial Officer Milwaukee Public Museum

Milwaukee Public Museum, Inc.

Fiscal 2014 Audit

Supplemental Information related to the 2013 County Lease and Management Agreement ("LMA")

Section 5.3 of the LMA includes terms that the County's annual Base Level Funding of \$3,500,000 is predicated on Milwaukee Public Museum meeting or exceeding certain contingencies and operating goals. The Milwaukee Public Museum's annual financial reports are based on a year end of August 31st which shall also be the date of determining compliance with the conditions. In the event the Milwaukee Public Museum fails to meet or exceed any one of the following conditions, the County may reduce the Base Level Funding set forth above by \$250,000 for any subsequent year:

a) Milwaukee Public Museum will obtain donor commitments for any remaining Milwaukee Public Museum bank debt, estimated to be approximately \$1,500,000, by December 15, 2015.

The bank debt refers to the original term note and does not include the seasonal working capital line of credit. For the term note, donor commitments have been received for the eventual elimination of the total debt by December 31, 2017. As of fiscal 2014 yearend, the balance of the outstanding term debt was reduced to \$1,627,000.

b) Annual attendance of the Museum, its theater/planetarium and special exhibits, events and programs exceeds 400,000 during the preceding fiscal year.

Total attendance exceeded 430,000 in fiscal 2014.

c) Milwaukee Public Museum generates positive unrestricted operating earnings as defined by unrestricted operating net income plus depreciation is greater than zero.

For fiscal 2014, MPM's positive unrestricted operating earnings were \$4,195,297.

d) Total Milwaukee Public Museum Endowment net assets are a minimum of \$2,000,000 in unrestricted net assets.

For fiscal 2014, MPM Endowment Unrestricted Net Assets were \$2,962,677.

e) Milwaukee Public Museum's Total Net Assets continue to exceed the value as of fiscal yearend 2013 audited results excluding gains associated with pension contribution and gift commitments for debt elimination.

Fiscal 2013 Net Assets of \$17,886,491 need to be adjusted for pension contribution and debt elimination gifts which totaled \$7,500,000 leaving a balance of \$10,886,491. Fiscal 2014 Total Net Assets equal \$20,501,074.

f) Any new debt, except for working capital, collateralized debt by donor pledges or personal assets, is approved by the County Executive or designee.

No additional debt has been requested or obtained.
