

You're the Medicaid expert Wisconsin needs

There's always a better way to do things. We want to see what "better" looks like for Medicaid. Sometimes, it just takes an idea and a conversation.

That's where you come in.

The Wisconsin Department of Health Services (DHS) is putting together a Medicaid Member Experience Council (MMEC). It's a group of people with experience using Medicaid who'll talk about how we can make it better.

Build a better future for Medicaid

As an MMEC ambassador, you will help us focus on topics that are important. You'll partner with us to make Medicaid better for everyone. Together, we'll build trust and pave the way for change.

Join in and speak up

You will connect with decision makers to tell us what's working, and what's not. You'll help us find gaps in services, propose solutions, and make decisions on what to do next.

You're the expert we need

Nobody knows Medicaid better than those who rely on it for health care. We are looking for:

- People who have Medicaid benefits right now, or their caregivers
- People who had Medicaid benefits in the last two years, or their caregivers
