

Marni “Kiskanahkwatok” King

Asst Vice President- Employee Benefits

Marni is Native American, both the Oneida and Menominee Nations. She is Assistant Vice President with HUB International. She has more than 20+ years in the industry, working with C- Suite level executives, tribal legislatures and councils, along with Sr HR Professionals to develop long term strategic direction for Employee Benefit, employee attraction and retention, and cost control

The long term cost reduction goals involve the corporate directives concerning attracting and retaining, identifying cost drivers, strategic planning to incorporate wellness initiatives, cost reduction strategies and most importantly employee satisfaction and engagement.

She started her career on the clinical side of healthcare, working as a Nursing Assistant with the Oneida Nation, while working on her Associate Degree in Nursing. She also worked as a Community Health Representative for the United Amerindian Center, working with Urban Native Americans. Specifically focused on Diabetes awareness for the Elders and running the T.R.A.I.L.S program teaching drug and alcohol awareness to children ages 8-12. While pursuing nursing she accepted a position with Humana Insurance Company joining the Medical Risk Assessment team, and moving into several key-underwriting positions along the way. Upon leaving Humana in the 90’s, Marni managed the Employee Benefits Division of an Insurance Agency, later transitioning from leadership to Benefits Consulting to be closer to her clients.

Marni has a passion for her people, for insurance, the art of business, strategic planning, employee and employer relations. She truly enjoys supporting companies with employee attraction and retention through proper benefit planning. Marni is active in the community supporting several non-profits focused on youth development and leadership in various roles from Board Member to Fund Development. She is a member of NNAHRA (National Native American Association of Humana resources). She has two children. A son age 24 and a daughter age 28.
