i don't know if I'm on the right agenda item, but I did want to support the Right to Counsel for those who are subject to eviction from their homes. The program has proven itself as a way to combat displacement and eviction - and save money. Not to mention keeping families together and housed, and children in school and daycare -- each of those is a big change in and of itself. The RTC program gives regular folks a chance against the greed and reach of corporate landlords. We should do everything we can to encourage compromise and stability in housing for vulnerable people, and the RTC program does that.
