

**LAW OFFICES OF  
WILLIAM H. LYNCH**

December 28, 2018

Supervisor Theo Lipscomb  
County Board Chairman  
Milwaukee County Courthouse, Room 201  
901 North 9<sup>th</sup> Street,  
Milwaukee, WI 53233

Dear Sup. Theo Lipscomb,

The Mitchell Park Horticultural Conservatory Task Force has completed the first two phases of its three-phase future path and feasibility study and is prepared to embark on the third and final phase of its work.

The Task Force respectfully requests County Board approval for a transfer of funds and for the authority to access those funds to engage consultants to do the more detailed design, cost estimating, operating and governance planning for phase III necessary to formulate the Task Force's final recommendation to the County.

Enclosed please find our Interim Report and Request for Action.

The Task Force has:

- Narrowed eight options to two that received widespread support from the community and will bring substantial economic and community benefits to Milwaukee County.
- Determined that governance changes will be necessary but will depend on the path chosen and potential partners.

Sincerely,

William H. Lynch  
Mitchell Park Horticultural Conservatory Chairman
