**DESCRIPTION OF FISCAL EFFECT**

**In the space below, you must provide the following information. Attach additional pages if necessary.**

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. <sup>1</sup> If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
  - A. Under this agreement, the provider will deliver direct mental health services, crisis intervention, staff education, resilience training, and ongoing support tailored to the needs of correctional employees. Services are designed to reduce stigma surrounding mental health treatment, improve staff well-being, and foster a supportive organizational culture aligned with the County’s racial and health equity goals. The contract’s costs begin January 1, 2026, and extend through December 31, 2030. The 2026 allocation totals \$96,200. This amount was budgeted in the 2026 CRC operating budget.
  - B. No additional appropriation is required, and no budgetary impact is anticipated for the current year.
  - C. Approval of this resolution has no budgetary impact.
  - D. The assumption is that the proposed 2026 operating budget will be approved, that service utilization will remain consistent with prior years and the estimates provided in the RFP pricing, and that there will be no revenue changes or one-time costs beyond those included in the contract value.
