NATURAL RESOURCES -- STEWARDSHIP PROGRAM

[LFB Papers #465 through #470]

Motion:

Move to do the following:

1. *Stewardship Program Bonding and Allocations.* Specify that DNR may not obligate more than \$60,000,000 in each year from fiscal year 2011-12 through 2019-20 under the stewardship program (reauthorized stewardship 2000 program). Specify that DNR may obligate not more than \$20,000,000 in fiscal year 2011-12, \$21,000,000 in 2012-13, and \$15,000,000 from fiscal years 2013-14 through 2019-20 under the property development and local assistance subprogram. In addition, specify that DNR set aside not less than a total of \$6,000,000 from the land acquisition subprogram of the stewardship program for dam safety grants to counties under section 31.385 of the statutes. Specify that the grants may only be awarded for a county-owned dam that is under an order by DNR for maintenance, repair, modification, abandonment or removal as of the effective date of the bill. Further, specify that the grants may be provided for up to 25% of eligible project costs, with a maximum grant award of \$2,500,000 (\$10,000,000 project). The \$60 million would be allocated as shown in the following table. (Beginning in fiscal year 2013-14, the allocations would be consistent with the 2009-10 allocation, except the \$12 million to NCOs for land acquisition grants which would be at the current law level and general DNR land acquisition would be reduced by \$4 million annually.) Reduce authorized bonds by \$234 million BR and delete \$290,000 GPR in 2011-12 and \$2,300,000 GPR in 2012-13 for estimated debt service payments. In addition, specify that, if the total amount obligated for any fiscal year is less than \$60,000,000, DNR shall calculate the unobligated amount and decrease the available bonding authority for the immediately following fiscal year in an amount equal to the unobligated amount. Further, delete the authority for DNR to obligate stewardship bonding beyond June 30, 2020. Also, require DNR to submit a report to the Joint Committee on Finance and Standing Committees on Natural Resources by November 15, 2011, and biennially thereafter, which specifies the Department's land acquisition goal in acres.
