

2016 CCSB/HSRI Goals

For 2016, CCSB has established a set of goals based on four recommendations contained in the Human Services Research Institute 2014-2015 study of the Adult intellectual/developmental service system in Milwaukee County.

HSRI Report Based Goals	Targeted Strategy	Possible Actions
<p>Assure System Transparency</p>	<p>Collaborate with service system stakeholders to establish standards for the collection and dissemination of service performance data available to consumers.</p> <p>Track and monitor federal, state, and county policies and testify to their impact on persons with disabilities</p>	<p>Letters, Testimony, Formal Requests for Information</p> <p>Reports to stakeholders regarding the quality and integrity of information that is being shared</p>
<p>Provide Direction and Oversight Through promoting policy and practice using driving principles</p>	<p>Collect and share information that describes how services are meeting the hopes and needs of persons with disabilities from their point of view.</p> <p>Support a consumer driven community report card on how the service system is working on behalf of persons with disabilities</p>	<p>Round tables</p> <p>Meetings in community</p> <p>Communications plan</p>
<p>Advance Self-Advocacy</p>	<p>Promote and support public and private investment in programming and practices that raise and support expectations regarding the value of self-advocacy.</p> <p>Sponsor the creation of educational materials.</p>	<p>Form consumer advisory committees to CCSB</p>
<p>Advance Peer Support and Contribution</p>	<p>Work with DHHS to Promote and support public and private investment in programming and practices that demonstrate the value of peer support.</p>	<p>Sponsor a best practices workshop.</p>
