AMENDMENT NO. 1

WHEREAS, the County Executive's 2021 Budget, submitted to the County Board of Supervisors on October 1st, 2020 has been reviewed by the Committee on Finance in a series of meetings to, and including, November 4th, 2020; now, therefore,

BE IT RESOLVED, that the County Executive's 2021 Budget be amended as follows:

I. AMENDMENTS TO OPERATING AND NON-DEPARTMENTAL BUDGETS (1A)

	<u>Org. Unit</u>	<u>Expenditures</u>	<u>Revenue</u>	<u>Bonds</u>	<u>Tax Levy</u>
1020		\$0	\$0		\$0
TOTAL		\$0	\$0	\$0	\$0

Org Unit 1020; Office of Government Affairs
 Amendment:
 (1A001)

1.

By Supervisors Czarnecki, Rolland, and Clancy
 Amend Org. Unit No. 1020 – Government Affairs as follows:

Strategic Implementation:

Funding is provided for two full-time positions to represent the County's interests before other units and levels of government. Expenditures increase due to moving the funding for the Wisconsin Counties Association membership from the Office of the County Clerk. The appropriation of \$35,835 earmarked for Wisconsin Counties Association (WCA) membership dues is contained within an allocated contingency account. The funds shall remain in the allocated contingency account until information is received from the WCA on the following conditions of continued membership:

- Adoption of racial equity principles and a collaborative engagement as outlined in File No. 20-576.
- Modifications to WCA's organizational structure with the intent of creating equity, such as increasing the number of diversity appointments.
- Development of a plan to promote diversity within WCA, such as attraction and retention of diverse staff, and racial equity training opportunities led by Black, Indigenous, and people of color (BIPOC).
- Consider lowering the WCA reserves to pay a dividend or reduce dues to counties which are struggling financially
- Initiation of steps to avoid real or perceived conflicts of interest between counties and the WCA:
 - o Increased transparency for WCA Members on matters relating to the WCA budget, staff salaries, outside non-county government funding, and records.
 - o Hire in-house legal counsel and/or establishment of internal processes for the retention of outside counsel.
 - o Competitive bidding processes for legal, insurance, financial, and other services.

An appropriation transfer approved by the County Board of Supervisors will be required to allocate the funds after the response from WCA is received and reviewed by the appropriate standing committee.

This amendment would have no tax levy impact.

...
Forecasting for travel demand by passengers for both business and leisure purposes and the corresponding restoration of service by airlines is impossible to predict at this time with any degree of accuracy. In consultation with the airlines that serve Milwaukee, the 2021 Budget assumes reduced levels of estimated activity. In trying to account for a possible resurgence of COVID-19 and the potential negative effects upon travel demand, the 2021 Budget assumes enplanements and passenger levels that are approximately ~~60%~~ 67% of the 2019 actual activity. With a significant reduction in passenger activity levels nonaeronautical revenues generated from passenger activity (e.g. parking revenue, rental car revenue, food and beverage revenue, etc.) is decreasing. With most of the Airport’s operating budget costs being fixed, while the Airport has reduced expenditures, the reduction in nonaeronautical revenue has shifted more of the cost burden for operating the Airport in 2021 onto the airlines serving MKE in order to maintain a \$0 property tax levy for operation of the Airport per the master use and lease agreement with the airlines.

If during the course of 2021 the ~~60%~~ 67% forecasted activity levels begin to show significant variance, it may be necessary for the airport to seek an appropriation transfer to realign the budget.

Strategic Program Area 1: MKE – Milwaukee Mitchell International Airport

Revenue changes:

- Non Airline/Non Aeronautical Revenue changes are as follows:
- Parking revenue decreases ~~\$12,937,202~~ \$10,557,384 from \$30,000,000 to ~~\$17,062,798~~ \$19,442,616
 - Car Rental revenue decreases \$1,967,756 from \$10,800,000 to \$8,832,244
 - Metered Taxicab and Transportation Network Company (TNC) revenue decreases \$264,525 from \$875,000 to \$610,475
 - Food and Beverage Concession revenue decreases \$210,180 from \$3,800,000 to \$3,589,820
 - A one-time reduction occurs in an airport liability account dedicated to historical overcollection on airline rates and charges due back to the signatory airlines serving the airport. The budgetary impact serves to partially mitigate increases in airline rates and charges and serves to support more efficient recovery of the airport during and beyond the COVID-19 Pandemic.

Expenditures changes:

Given the Airport’s large infrastructure footprint to be maintained and that the facility must be open and available to the traveling public on a continuous basis many of the Airport’s costs to operate are fixed in nature. However, the 2021 Budget includes significant reductions in expenditures across all series, with the exception of cross charges to the Airport, in an effort to mitigate the significant decrease in forecasted passenger activity levels. The 2021 budgeted expenditures overall represent the minimum necessary for continued operations.

I. AMENDMENTS TO OPERATING AND NON-DEPARTMENTAL BUDGETS (1A)

Org. Unit Expenditures Revenue Bonds Tax Levy

Org Unit 5040; MCDOT Airport

Amendment:
(1A003)

Major Expenditure reductions are as follows:

- Personnel Services decrease \$1,561,602 from \$28,738,330 to \$27,176,728. The Airport has significantly increased vacancy and turnover savings holding multiple vacant positions from 2020 over into 2021 adjusting to reduced passenger and air service levels. Within the overall decrease for personnel services there is included a partial-year wage increase of 1 percent for nonrepresented employees, except whose pay range midpoint is greater than \$100,000 where the increase will be 0.5%.
- Commodities and Services decrease \$3,321,140 from \$29,646,776 to \$26,325,635. This represents across the board cost reductions including a minimum level for break/fix maintenance and also reducing expenditures that are to some degree driven by passenger activity levels (e.g. reduced parking contractor expenses, reduced credit card transaction fees associated with parking, etc.). In addition, the budget includes a temporary discontinuation of the airline incentive program that has been offered to qualifying airlines in past years to provide new or additional service to unserved or underserved cities from MKE.
- Debt and Depreciation decrease \$459,166 from \$23,812,132 to \$23,352,966 primarily due to savings from a Fall 2019 refunding that achieved lower interest costs on the repayment of long-term Airport revenue bond debt.
- Crosscharges from other Milwaukee County departments for services provided to the Airport increase \$340,514 from \$14,747,438 to \$15,087,952. The increase is primarily for countywide Insurance Services procured through the Department of Administrative Services Risk Management Division.

The Airport continues to procure vehicles and/or equipment through Milwaukee County Department of Transportation Fleet Management Division. The Airport continues to coordinate with the Milwaukee County Highways Division for street and curb repairs. These partnerships have proven effective in managing costs.

This amendment would have no tax levy impact.

Amend the narrative of Org. Unit No. 9000 – Department of Parks, Recreation, and Culture as follows:

Facility closures due to COVID-19 resulted in full time staff redeployment between facilities to reduce expenditures. Staff at Boerner Botanical Gardens were deployed to the Mitchell Park Conservatory during the winter months and conversely the Mitchell Park staff assisted with maintaining Boerner in the spring and summer. This staffing model will continue resulting in a seasonal staffing reduction of \$36,000. An appropriation of \$282,059 is included to supplement seasonal staff funding, which may include reopening aquatic facilities scheduled to be closed due to fiscal constraints and/or COVID-19 pandemic concerns. Parks staff will provide a report to the County Board of Supervisors for consideration in the March 2021 cycle on the recommended use of the additional funds after more information on the impact of the pandemic on park operations can be determined.

~~To mitigate possible revenue deficits in 2021 related to COVID-19, Parks has segregated \$494,000 of operational funding for seasonal labor and will work with the Office of Performance, Strategy & Budget to monitor public health conditions and operational feasibility for revenue generating functions. Failure to earn the revenues associated with the segregated operational funding will require corrective action including but not limited to additional facility closures.~~

Reduce revenues by \$250,000.

Amend the narrative of Org. Unit No. 9500 – Zoological Department as follows:

[Note: Narrative is on page 374]

The COVID-19 pandemic has had significant impacts to the Zoo in 2020, including temporary closure of operations, followed by phased re-openings with limitations on attendance as well as reduced opportunities to host large events. These closures and limitations have led to reduced Zoo revenue collections in 2020 and have resulted in a need to identify savings through various methods including staff furloughs, hiring and spending freezes, and other savings.

In order to avoid more substantial cuts that might be required for possible revenue deficits in 2021, the Zoo has identified ~~\$908,400~~ \$658,400 of savings in multiple areas including staffing costs, commodities and services, and operating capital. Amend the narrative of Org. Unit No. 8000 – Department of Health and Human Services as follows:

[Note narrative is on p. 341]

Community-Based Alternative Programming

DYFS is committed to providing community-based programming that is individualized and meets the unique needs of youth and families that touch the youth justice system. Reinvestment of funds formerly dedicated to DOC placements is needed to tackle racial inequity and provide support to vulnerable populations (i.e. ability, age, gender, etc.) disproportionately impacted by historical and current structural issues. To thrive and be healthy, communities, families, and individuals need access to quality care that addresses their underlying needs in a way that promotes dignity. They also deserve investment in programming and services that are research proven to promote positive quality of life outcomes such as community safety, family and social support, housing as well as foster healthy behaviors.

The \$1 million in savings resulting from the transition of youth from Lincoln Hills and Copper Lake will be used for Credible Messengers, an Achievement Center and other programs aimed at competency building, youth engagement, or community capacity building. A Credible Messenger Program would offer emotional first aid, violence interruption/mediation, and advocacy for youth justice system-involved youth. Achievement Centers would provide educational and vocational services, job placement, apprenticeships, and job certification programming for youth and their family members. The initiative would be supported through partnerships with schools, community organizations and other public agencies.

In addition, an appropriation of \$500,000 is included in an allocated contingency account in the Division of Youth and Family Services to provide expanded community alternatives for youth. DHHS staff shall submit a plan to the County Board of Supervisors as soon as practical on the recommended use of the funds to provide additional community-based services.

DHHS staff shall submit a plan to the County Board of Supervisors as soon as practical on the recommended use of the funds to provide additional resources to the Housing Division.

[Note: narrative is on page 358]
 The future of social programming, and whether that programming takes place at the physical senior center locations, remains undetermined due to the COVID-19 crisis. Virtual presentations, education, and programming activities are in the planning and beginning implementation stage to ensure that former senior center customers, as well as other older adults, can remain socially and physically active. ~~A slight reduction of \$50,000 is proposed in the senior programming contract.~~ The Division continues to work with the contracted vendor to provide robust services through a combination of in-person and virtual senior programming throughout the year, five days a week. An appropriation of \$50,000 is also provided to augment services provided to seniors.

Amend Org. Unit No. 4000 – Office of the Sheriff as follows:

Increase General Transportation Aids by \$124,990 to \$2,766,092 to reflect revised estimates provided by the State of Wisconsin.

Amend Org. Unit No. 1900-1966 – Federated Library System as follows:

Provide \$50,000 as a one-time allocation for specific project needs.

Amend the narrative of Org. Unit No. 1900-1966 – Federated Library System as follows:

A one-time allocation of \$50,000 is provided to the Federated Library System to expand digital resource materials. The COVID-19 pandemic has highlighted the need to make more materials available electronically to aid library users who are unable to physically access a system location. This allocation is separate from the annual support provided to the Milwaukee County Federated Library System.

Amend the narrative of Org. Unit No. 1900-1974 – Fund for the Arts and Org. Unit 9000 – Department of Parks, Recreation, and Culture as follows:

The Department of Parks, Recreation and Culture staff, working in conjunction with the Milwaukee County Cultural Artistic and Musical Programming Advisory Council (CAMPAC), will review the eligibility requirements for CAMPAC awards to determine if there are more racially equitable methods to allocate the funds, especially to smaller groups with limited access to private fundraising.
