DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

A. Approval of resolution authorizing the Chairman of the Finance, Personnel, and Audit Committee to execute a professional services contract with the University of Wisconsin-Extension for the period January 1, 2015 through December 31, 2015, for \$172,282. This contract is based on the contracts from previous years; there are no substantive changes.

B. Milwaukee County and the University of Wisconsin-Extension enter into a contract annually to provide professional staffing of the Milwaukee County Cooperative Extension office in the areas of Family Development, Youth Development, Horticulture and Community and Leadership Development. Within these agreements, the County provides for 40% of faculty and academic staff salary and fringe benefits. Funding for travel reimbursement, a limited amount of hourly staffing and miscellaneous expenses is also provided by the county through this contract. In return, the University provides funding for 60% of faculty and fringe benefits. The county's funding for this contract is provided in the 2015 adopted county budget for Cooperative Extension.

C. Approval of this resolution will result in the expenditure of \$172,282 of funding as appropriated in the adopted 2014 Milwaukee County Budget for Cooperative Extension.

D. No assumptions or interpretations were used.

¹ If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.

² Community Business Development Partners' review is required on all professional service and public work construction contracts.
