Median Income:
2019 Median Household Income (Esri)
 Source
Esri
 Vintage
2019
 Definition
Current-year estimate of median household income. If the median falls in the upper income interval of $200,000+, it is represented by the value of $200,001. Esri uses the definition of money income used by the Census Bureau.

Personal Crime:
Name
2019 Personal Crime Index (AGS)
Source
2019 Crime
 Vintage
2019
 Definition
The Personal Crime Index provides an assessment of the relative risk of four major crime types: murder, rape, robbery, and assault. It is modeled using data from the FBI Uniform Crime Report and demographic data from the Census and AGS.

Health Care:
Name
2019 Health Insurance
 Source
Esri and Bureau of Labor Statistics
 Vintage
2019
 Definition
Total Amount spent on Health Insurance includes fees for service health plans, HMOs, Medicare supplements, all single service insurance plans covering services such as dental care, vision care, prescription drugs, long term care. Also includes payments to Medicare and premiums paid for Medicaid, Tricare/Military, and Children's Health Insurance Program (CHIP) coverage.

At Risk Population:
Disability :
Name
2013-2017 ACS Households with 1+ Persons with a Disability
 Source
American Community Survey (ACS)
 Vintage
2013-2017
 Definition
The American Community Survey (ACS) period estimates are based on a rolling sample survey spanning a 60-month period. A Margin of Error (MOE) measures the variability of the estimate due to sampling error. Esri's Reliability measure designates the usability of the estimate. [learn more](#)
