ISSUE

An update to File No. 15-785 regarding the Department of Parks, Recreation and Culture’s (DPRC) review of local zoning designations on existing County park land.

BACKGROUND

On February 4, 2016, the Milwaukee County Board passed File No. 16-121 requesting the rezoning of 43 parcels identified in File 15-785. The County Executive’s Office submitted written requests to each appropriate municipality on January 25, 2016 for the 43 parcels identified in File No. 16-121. These parcels were related to DPRC’s review of parks owned by Milwaukee County.

In addition to the January 25, 2016 request, on February 29, 2016 the County Executive’s Office submitted written requests to each appropriate municipality for the rezoning of land which is not used for park purposes, but is used for parkways, trails and environmental management. The attached map shows which parcels are already zoned parks, and which parcels have been requested to be rezoned as parks by the County Executive.
