Incarcerated folks are one of the populations most heavily impacted by covid. They are still citizens and deserve access and money to protect themselves and the general population. I am in full support of this.

I hope this program helps overcome vaccine hesitancy and contain the spread of covid in Milwaukee.

The Milwaukee County Sheriff's Office continues to break the law right in front of the people of Milwaukee. Law enforcement is allocated almost half of our city's budget. The department of Neighborhood services, the health department, and the parks department, just to name a few, all deserve more money because they actually invest in the people of Milwaukee. MCSO just wants to keep us under surveillance with 7 police districts that have access to military-grade weapons. I don't want my taxpayer dollars to go toward making Milwaukee a war zone. MCSO says that they are needed for public safety, however, I've lived in Milwaukee all my life, and every year I hear we need the police to protect us because Milwaukee is "crazy." Now I can see that MPD and MCSO have been the real criminals all along. We called to defund the police and give money to services that actually provide public safety to our communities. MCSO demanding more money to come out of taxpayers pockets without showing taxpayers how our money is being used is disgusting. We, the people, demand to see how the department with the most money in their budget needs a pay raise. We demand to have our voices listened to, not talked over. The people have spoken and we want to defund the police. So no, MCSO does not deserve any more money or more over time until they are transparent about how our money is being spent. I am no longer willing to pay for MCSO to terrorize my community in the name of public safety.

Is MCSO going to submit a report this month? They could easily correct their overtime and budget problems by simply reducing the scope of their work. Much of what law enforcement agencies do is unnecessary and exploitative. In the prior, unacceptable report, MCSO insisted that they cannot reduce their efforts. At the meeting they talked about rising homicide rates, as though deputy sheriffs are dealing with homicide regularly. Truth is, that makes up a tiny fraction of their workload. Also, they're pretty bad at it.

Most of what law enforcement does is stalk around taking money from people for minor municipal violations. If they stopped doing that so much, it would reduce their revenue, sure, but it would probably reduce their expenses more. Also, maybe people would hate them less.

Maybe if y'all redirected funds from MCSO into wholesome departments that help people, rather than creepy stalkers that extort money from people, those departments wouldn't have such a hard time convincing people to work for them either. Just a thought.
