I am heartened to see this on the agenda! Thank you.

As noted in the resolution text: expanding freeways goes against what our society needs - and now is a wonderful time to work on changing our longstanding obsession with cars/gas, & road-building industries (or at a minimum let go of our attachment to designs that worsen the problem). I am particularly convinced by the point made in

lines 202-205: any highway expansion would contradict stated objectives of Milwaukee County to fight climate change. #FixatSix
